

K-LOVE, heard on many fm frequencies is a wonderful service to me, my family, and our community. If the LPFM stations take priority over the existing K-LOVE fm stations our family and community would be effected. K-LOVE is one of the few stations that plays songs that dont offend, arn't vulgar, and are positive and encouraging. K-LOVE helps me get through my day at work and in the car on the way home. Please don't allow LPFM stations to take priority.
